**Note:**  
**Calculation of the time difference in team events**  
 The amount of time that a competitor must wait before starting is calculated by converting the number of points behind into time. Each point behind is equivalent to 1.333333 seconds. 45 points behind means a competitor starts one minute later than the competitor in front of him.  
**Wave**  
 To prevent significant start time differences, the Jury can decide upon the use of the "wave start". At the end of the Cross-Country race, the actual time difference after Ski Jumping will be adjusted accordingly.
